

ANGELO GINES

Interactive eLearning Developer

angelogines@gmail.com
(813) 785-7953

Profile

My goal is to obtain the Developer position with Bristol-Myers Squibb, and apply my eight years of eLearning experience, development, and design to create engaging content from initiation to delivery.

Genuine creativity comes from establishing an environment that is not lead by a fear of failure, but thrives on authenticity, open expression, and clear communication. I am adept at leading cross-functional groups with a variety of colleagues, and highly capable of galvanizing a team to accomplish our company's goals.

Experience

Bisk Education

2010–Present

Lead Interactive Web Developer

Oversaw day-to-day development and creation of interactive learning objects.

Uncovered knowledge gaps within courses, and worked directly with the instructional designers to conceptualize and develop interactive elements for each course to clarify those concepts.

Constructed responsive content across a variety of browsers – both desktop and mobile – focusing on the user experience.

Lead my team in daily scrums, backlog grooming sessions, and sprint planning meetings, according to the agile methodology.

Worked directly with quality assurance to guarantee the timely release of products that were of the highest caliber.

Bisk Education

2009–2010

Graphic Artist

Designed graphics, illustrations, and interactive assets for course lectures, study guides, videos, and interactive learning objects.

Developed custom interactive content using Flash and ActionScript 3.

Game Plan Direct

2008–2009

Graphic Artist/Proofer

Produced targeted marketing using InDesign, Illustrator, and Photoshop for many Vegas casinos, including Caesar's Palace, Bally's, and Paris.

Proofed and corrected copy of grammatical errors.

The Dinner Detective Murder Mystery Show

2016–Present

Actor: Detective Role

Performed the lead role of detective.

Engaged the dinner guests while delivering vital story information by guiding them through the narrative.

Improvised with the actors and guests.

Trusted with controlling the tempo and mood of the show.

Education

Art Institute of Tampa – Tampa, Florida

2004–2008

Bachelor of Fine Arts

Specialized in media arts and animation.

Skills

Development

Created interactive, responsive content that seamlessly integrates with learning management systems.

Design

Focused on simple intuitive design that puts the user experience first.

Project Direction

Lead and managed a wide variety of design and development projects in team and independent situations.
